

# CUSTOM Christmas Glasses

Our amazing Christmas Glasses transform any Christmas tree fairy lights into a magical Christmas image. In fact, Christmas Glasses transform any point of light into a magical Christmas image

Rather than ordering our stock glasses you can have your own design, logo, wording and printing on the frame of the glasses. There is a **minimum order volume of 5,000** per lens type.

We will do the design work for you for no additional charge. Just send us your requirements and we'll do the rest.

**You can then select any of our Christmas lens types, or even any of our other stock lens images...glasses are not just for Christmas!**

Custom Glasses are usually supplied in bulk shipped to your preferred location worldwide direct from our manufacturing facility in the USA.

## Custom Glasses (GB Pounds Sterling)

Minimum order is 5,000 per lens type. Select from any of our stock lenses as shown overleaf or opt for your own custom lens design, also shown over the page.

Custom Glasses Volume	5,000	10,000	25,000	50,000	100,000	250,000	500,000
GBP cost / unit	£1.00	£0.86	£0.70	£0.54	£0.47	£0.42	£0.38

Price per unit (pair of glasses) is shown above in GBP based on total order volume.

We will do the design work for you for no extra charge.

We are able to ship anywhere worldwide and typically use FedEx Economy Airfreight. Please ask for a shipping quote based on your order volume and location.

Pricing does not include shipping, tax or import duties that may be applicable. Payment is required prior to manufacture and lead time varies based on time of year but is typically 6-8 weeks.

# Lens Selection for Custom Glasses

## Animals

## Christmas

## Word Celebrations

## Halloween

## Party / Other

## Religious

We can supply our POS display tree complete with flashing LEDs. We can even customise this too...but ask for details as this is NOT included in the pricing information overleaf.

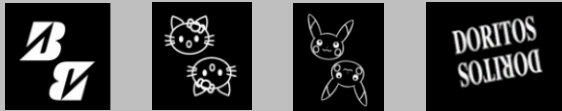

## Go Further with Custom Lens

### Gen 1 Lens

These provide a mirror image for each point of light in a shaded lens as per the examples below:

Minimum order: 5,000 units  
 Price for development: £1,600 (GBP)  
 Time to create lens: 2 weeks

### Gen 4 Lens

These provide a single image for each point of light using a clear lens as per the examples below

Minimum order: 25,000 units  
 Price for development: £4,800 (GBP)  
 Time to create lens: 4 weeks

We have an extensive range of existing lens as shown above. We can however supply custom glasses with **custom lenses**.

There are two types of lens technology available; Gen 1 and Gen 4. The differences along with some examples are shown on the left. **The majority of clients use a Gen 1 lenses.**

Talk to us about your custom lens requirements. We can reproduce most images, simpler designs tend to provide the crispest images.

The price for development is a one off cost and you can then order and re-order as many glasses with your custom frame design as you wish.

The cost of the glasses is as per the custom frame details shown overleaf in addition to the custom lens costs shown here.

Pricing is in GBP. We can provide a details quotation in your currency. Just ask!
